

“Invisible documentary

Children”

Roadies from Invisible Children will be presenting an informative documentary to the public at South Tahoe High School, South Lake Tahoe. This is an opportunity to learn about the Invisible Children, a program many have heard of but few know the details. It is free of charge and will last approximately 1 hour. This is being coordinated by the STHS S Club and soon to be Sigma Society at LTCC. Students at STHS will also have an opportunity to attend this presentation during fourth period.
