

Barnes & Noble open at LTCC

Lake Tahoe Community College's bookstore opens today as a Barnes & Noble college bookstore.

It's online as well at <http://ltcc.bncollege.com>.

The remodeled retail outlet in the main building of the South Lake Tahoe college is designed to provide students with more options, with less expense. It's also a resource for the entire community. After all, it is the South Shore's only bookstore that sells new periodicals.
