

Fallen Leaf Lake board meets Saturday

Fallen Leaf Lake Community Services District has scheduled a meeting to discuss among other items the future of a marina and general store operation at the mountain hamlet.

At issue for much of the year has been whether the Rich family will continue to run the operation after 14 years or whether the district board will take over the venture. The item has brought out many interested residents – some disgruntled, some not.

The meeting is slated for Saturday at 11am at the South Lake Tahoe City Council Chambers at Lake Tahoe Airport.
