

Mountain Bike Gravity Tour

The 2010 USA Cycling Professional Mountain Bike Gravity Tour (Pro GRT) is having a five-event series this year, with a stop at Northstar-at-Tahoe June 26-27

The Pro GRT will remain a downhill-only series in four states from April to September. Each stop offers series ranking points to top finishers, and overall individual titles for professional men and women. The series also features an Amateur GRT which, like the Pro GRT, will give expert-level category 1 racers the opportunity to compete against each other for an overall series crown.
