

Hands-on science expo for kids

Lake Tahoe School is partnering with UC Davis Tahoe Environmental Research Center to host the 5th Annual Science Expo on March 19 from 4-7pm.

This year's Expo has been designed to foster students' excitement for and academic interest in science. There will be 20 "hands-on" physical science investigations and experiments that focus specifically on the dynamics of energy and matter.

Admission is free. This is good for elementary-age kids.

Location: Tahoe Center for Environmental Sciences, 291 Country Club Drive, Incline Village, on the Sierra Nevada College campus.

For more information, call Lake Tahoe School at (775) 831.5828.
