

Paul Oakenfold at MontBleu

Paul Oakenfold, touted as one of the world's renowned DJ/producers by various outlets including CNN, Rolling Stone, BPM and Remix, will get the party hopping Memorial Day Weekend at MontBleu casino in Stateline on May 28.

Kenneth Thomas, an Oakenfold prodigy who toured with him during two world tours, and Trevor Simpson are the opening acts.

In 2007 Oakenfold released his Greatest Hits & Remixes through Perfecto/Ultra Records -- a 20-selection strong collection of his seminal recordings. The tracks range from original productions to singles "Starry Eyed Surprise" "Ready Steady Go," and "Faster Kill Pussycat," featuring Brittany Murphy.

"Starry Eyed Surprise" reappeared in early 2005 as part of Diet Coke's ad campaign for their re-launch of the beverage using Splenda.

General admission tickets are \$30 plus tax and available by calling MontBleu at 800-BE-LUCKY and online at www.ticketmaster.com. Doors open at 9pm, and the show starts at 10pm.
