

23-mile TRTA hike

Determine your fitness level on a 23-mile challenge hike with the TRTA. Join experienced volunteer guides for a day of hiking on the longest segment of the Tahoe Rim Trail.

The trail from Kingsbury Grade south to Big Meadow maintains a 10 percent or less grade, however there are some steep rocky sections around Monument Pass. Much of this route is exposed and above 9,000 feet.

Meet at Big Meadow trailhead at 6am Aug. 27, where the appropriate number of cars will be selected to shuttle the Kingsbury South trailhead. After the hike, a couple volunteers will be needed to bring shuttle drivers back to their cars.

Meeting Place: Big Meadow Trailhead

Time: 6am

Distance: 23.1 Miles

Expected Length: 10 hours

Difficulty: Strenuous

Bring: Lunch, snacks, and at least two liters of water. Water is available to filter at Star Lake. If you have a filter, bring it on this hike. Bring raincoat, sun protection (hat, sunglasses, and lotion).

Fitness Level/Special Skills: Please note that this hike is designed for experienced hikers who are in good physical condition. This is a long hike. Hikers should be comfortable hiking all day. Although there will be periodic breaks, a steady pace needs to be maintained in order to finish the hike at a reasonable time of day.

Pre-registration is required for all hikes. For more

information or to sign-up for these hikes call the TRTA office at (775) 298.0012 or email jaimes@tahoerimtrail.org
