

Animal adoption fair in Kings Beach

The Wylie Animal Rescue Foundation (WARF) has rescued thousands of animals from certain death, but millions more were not so lucky and died – unloved and unwanted—in shelters across the country. The recent downturn in the economy has put even more pets on death row.

To help find homes for these dogs and cats, WARF is conducting a special Adoption Fair on Sept. 18 from 11am to 4pm hosted by Scraps Dog Bakery at 8675 North Lake Blvd. in Kings Beach.

A collection of adoptable dogs and cats will appear in person at the Adoption Fair – and when making an adoption at the fair, adopters will save money on fees when adopting those pets most in need. The Prizes for Pitties Program, offers a savings of \$50 off the adoption of a pit bull or pit mix. The Senior for Senior program allows adopters over 55 to waive the adoption fee when they adopt a dog or cat over seven years of age. And, there is a discount of \$50 on adult cat adoptions. All dog adopters will receive the training book Family Friendly Dog Training, by Patricia McConnell along with additional training handouts and a large Kong toy.

All of the money received by WARF is applied solely to helping animals. Tax-deductable donations are always needed and appreciated.
