

USFS to give update on work at Meyers Landfill

The U.S. Forest Service Lake Tahoe Basin Management Unit will host a meeting to update the community on the Meyers Landfill site on Nov. 18 at 6pm at the Forest Supervisor's office, 35 College Drive, South Lake Tahoe.

The meeting will include an update on the status of construction of the landfill cap, details on the continued forest closure at the site, and information regarding continued investigations into the extent of the contaminated groundwater plume originating at the site, as well as time for questions.

Contractors are working to winterize the construction site, and work will resume next season. In the meantime, the Forest Service anticipates extending the closure of Garbage Dump Road and the site through the winter due to ongoing safety hazards. this winter, for their own safety.”
