

Prescribed burn Friday in South Lake Tahoe

U.S. Forest Service fuels management crews will be conducting prescribed fire operations on the South Shore of Lake Tahoe in the Echo View Drive area Jan. 28.

The project off Sawmill Road is approximately one-third of an acre.

Residents and visitors can expect to see smoke from prescribed fire project areas. Smoke management is part of every prescribed fire burn plan, and efforts will be taken to reduce actual or potential smoke impacts on community areas.

This and other prescribed fire projects are designed to reduce wildfire risks to communities and critical resources.

State and local fire management agencies may also be conducting prescribed fire work during this period.
