

Aquatic education training workshop in South Tahoe

Project Wild & Wild Aquatic Educator Training workshops will be March 26 and April 7 from 9:30am-4pm at the U.S. Forest Service Office at 35 College Drive, South Lake Tahoe.

The cost is \$15 fee.

The Tahoe Resource Conservation District and USFS are partnering to host the workshops. Project WILD provides resources and activity ideas to promote wildlife awareness and education.

The 6.5 hour training will offer participants background information for presenting standards-based education programs to K-12 students in a fun, engaging way.

To register, contact Sarah Ford at sford@tahoercd.org.
