

Public workshops precede annual Tahoe enviro summit

The public is invited to provide policy recommendations to state and federal elected officials attending the Environmental Summit on Aug. 16 in Homewood.

The roundtable discussions Aug. 3 and Aug. 4 are an opportunity for the public to give their input as to policy recommendations to officials who will be at the summit. (The 9-11:30am summit is open to the public, too.)

The workshops are:

Aug. 3 3-5pm and 6-8pm at Inn by the Lake, South Lake Tahoe;

Aug. 4 10am-noon at Granlibakken Resort, Tahoe City and 3-5pm, North Tahoe Events Center, Kings Beach.
