

Website details Tahoe-Pyramid Bikeway

Cyclists can keep tabs on the latest developments of the Tahoe-Pyramid Bikeway through the organization's website.

On the website visitors can learn about the organization's vision of a foot and cycling path that follows the Truckee River from its source in forested Lake Tahoe to its desert terminus at Pyramid Lake. The website also features section-by-section trail descriptions with accompanying downloadable maps, a list of upcoming events and ways to support the project.

Truckee-based design firm SmallPond Studio designed and developed the website.

The Tahoe-Pyramid Bikeway route will descend over 2,000 feet in 116 miles, using a combination of existing dirt and paved roads, plus some sections of new trail and bridges. To learn more about Tahoe-Pyramid Bikeway, call (775) 825.9868 or go online.
