

National Trails Day

On Jan. 7 from 10am–2pm the Tahoe Rim Trail Association will partner with local businesses and organizations to kick off the winter season with the free Winter Trails Day family event.

While this is a national event, TRTA is putting on events on both ends of the Lake Tahoe Basin.

National Winter Trails Day is all about introducing folks to the joys of winter trails and using them safely.

South Lake event – Snowshoe through the newly opened Van Sickle Bi-state Park, outdoor gear demonstrations and a Warming Party (with food donated by Stateline Brewery and Baja Fresh) at Explore Tahoe after the hikes.

North Lake event – Snowshoe hikes on themes ranging from winter animals to avalanche awareness, winter survival demonstrations and activities.

Participants are encouraged to register in advance. Register online or call (775) 298.0012 or email Tom at programs@tahoerimtrail.org.

These events are subject to cancellation due to winter weather.
