

Warning – be sure to inspect Christmas lights

Christmas, what a wonderful time of year. South Lake Tahoe firefighters would like to wish everyone a Merry Christmas and to remind you that when decorating your home, please inspect your lighting strings and extension cords for broken, frayed, or damaged wires.

Be careful not to overload an electrical circuit with the use of multiple plug connections or splitters.

Finally, remember to discard your Christmas tree soon after Christmas before it becomes a tinder dry fire hazard.

Happy holidays from the city of South Lake Tahoe firefighters.
