

2-day prescribed burn on West Shore

U.S. Forest Service fuels management crews will begin prescribed fire operations in the McKinney-Rubicon Bay area Jan. 18. Fuels management crews will complete 1 to 3 acres and operations may continue through Jan. 19.

Residents and visitors can expect to see smoke from this prescribed fire project area and smoke may be visible on Highway 89. The Forest Service strives to minimize the impacts of smoke on local communities. Smoke-sensitive residents should consider staying indoors and keeping doors, windows and outside vents closed.
