

Speed Networking on the South Shore

Speed Networking is a combination of musical chairs meets speed networking. Participants have a couple of minutes to meet new people and share details like your name, what you do, where you are from, when you moved here, and what your career goals are.

Tahoe Regional Young Professionals is sponsoring the Speed Networking event on Jan. 26 upstairs at the Fresh Ketch on Venice Drive in South Lake Tahoe from 6-8pm.

Bring business cards for a variety of games.
