

# Free heel festival at Sierra

Sierra-at-Tahoe's 9th annual Telegrass Festival is April 7.

This homegrown event brings out teleskiers from all over Northern California for a celebration of the free heel life. Morning and afternoon clinics for teleskiers of every ability level, equipment demos from top manufacturers, relays and races, live music from regional bluegrass bands, beer tasting, and endless raffle prizes all combine for a festival that lets people free their heel so their mind can follow.
