

Star gazing at Sorensen's

Join astronomers Adrienne Cool and Ron Marzke of San Francisco State University for a nighttime event and slide show, peering through telescopes to spy planets, stars, and nebulae.

All ages are welcome to the May 12 event that will start about 8pm at Sorensen's Resort in Hope Valley.

Cost is \$10 adults/\$5 kids, all proceeds (which will be matched by Sorensen's) will go to support school science programs in Alpine County.
