

Tahoe City Field Station open house

Join UC Davis Tahoe Environmental Research Center researchers for an open house at the Tahoe City Field Station at 2400 Lake Forest Road from 10am-2pm June 2.

Tour the historic building, talk to scientists about their work, and learn something about Lake Tahoe.

The UC Davis Tahoe City Field Station has evolved from its origins as a state fish hatchery to a field station for UC Davis researchers at Lake Tahoe. The Field Station houses the Eriksson Education Center, native plant demonstration garden, a small laboratory facility, and the equipment necessary for researchers to boat on, dive in, and scientifically examine Lake Tahoe.

The living laboratory and demonstration garden of native plants surrounding the Field Station provide visitors an opportunity to learn about truly “green” gardening.

Between Memorial Day and Labor Day, the Eriksson Education Center offers visitors an opportunity to explore the facility at their pace with self-guided tours between 8am and 6pm daily. Volunteer docents are available on Saturdays from 10am-2pm for guided tours and hands-on science activities.
