

Volunteers needed to remove watermilfoil from Tahoe

Lake Tahoe residents and visitors are invited to help with the removal one of Tahoe's most prolific aquatic invasive weeds, Eurasian watermilfoil, during the inaugural Community Aquatic Weeds Removal Project at Baldwin Beach on June 3.

The project is a partnership of the League to Save Lake Tahoe, Tahoe Regional Planning Agency, and U.S. Forest Service and will occur in conjunction with the Tahoe Native Species Festival.

Volunteers will be placing bottom barriers in a large swale that parallels Lake Tahoe, which is infected with Eurasian watermilfoil. Volunteers will be needed for numerous tasks that will not require entering the swale. Volunteers of all ages and abilities are welcome to participate.

Registration is required. For more information or to sign-up, contact Flavia Sordelet at (530) 541.5388 or events@keeptahoeblue.org.
