

Conservation community to present its views on TRPA Regional Plan

The Lake Tahoe conservation community is having a free question and answer session to inform the public about the Tahoe Regional Planning Agency's Regional Plan update.

The Q&A session will be July 24 from 5:30-7:30pm at the Kings Beach Events Center, 8318 North Lake Blvd., Kings Beach.

"Find out what the TRPA is not telling you about the Regional Plan update" is how organizers are describing the event.
