

Nutritionist discusses dangers of high-sugar diet

Nutrition science researcher Kimber Stanhope will present a study on the metabolic effects of sugar consumption at the University of California Davis Tahoe Environmental Research Center monthly lecture.

The study was recently featured in the CBS News *60 Minutes* investigative report with Sanjay Gupta, which will re-air Aug. 5.

The event is being held at 6pm on July 26 on the Sierra Nevada College's Tahoe Center for Environmental Sciences, 291 Country Club Drive, Incline Village.
