

LTCC may field intercollegiate soccer teams

Lake Tahoe Community College is putting on a community forum April 30 from 6:30-7:30pm to discuss the possibility of intercollegiate men's and women's soccer programs.

The college is researching developing a program in an effort to serve the community's and students' interests, and to create a more connected campus and a more vibrant sense of community spirit.

LTCC wants to hear from the community about their thoughts on this potential athletic program, and to answer questions about it.

The meeting will be in the Aspen Room.
