

Ham radio experts to teach rookies

The Sierra Nevada Amateur Radio Society is putting on a field day June 23 for people to learn about amateur radio.

It will be at the northwest corner of Wedge Parkway and Whites Creek Lane, across from the South Valleys Library in Reno starting at 11am.

The goal for the day will be to make radio contact with as many other hams as possible.

For information, contact Peter DeBay, KE7VSR, at (775) 225.1653 or peterdebay@aol.com.
