

2 dead in Renown Medical Center shooting

By Carma Hassan and Michael Martinez, CNN

A gunman and another person were killed during a shooting Tuesday at a medical building at Renown Medical Center, said Tom Robinson of the Reno Police Department.

Two other people were injured and were being treated at a hospital, Robinson said.

The shooter, who carried one weapon, died of a self-inflicted gunshot wound, authorities said.

On Tuesday afternoon, the shooter opened fire after going to the urology office of Nevada Advanced Medicine on the third floor, said Sharon Spangler, spokeswoman for Reno police.
