

# Truckee photographer's work in HGTV dream home

Truckee based landscape photographer Elizabeth Carmel has four black and white prints of Lake Tahoe in HGTV's 2014 showcase dream home.

The 2014 HGTV dream home is located in Truckee at Shaffer's Mill. It will be given away during the HGTV sweepstakes. Truckee-based Ward-Young Architects designed the HGTV Dream Home. Proceeds from tours of the home benefit the Tahoe Forest Health System Foundation.

Carmel's photographs are "Night Journey", "Clearing Fog", "Winter Sunset", and "Silver and Gold II". They are featured in an upstairs landing seating area of the house.
