

Harrah's - Harveys participating in Earth Hour

Tonight between 8:30 and 9:30, Harrah's and Harveys Lake Tahoe will participate in Earth Hour to bring awareness to climate change.

This is the sixth consecutive year that the two Stateline casinos will encourage guests and employees to turn off all non-essential interior lighting, while the resorts' lighted exteriors, electronic marquees and non-essential lighting are shut off for the hour.

Sponsored by the World Wildlife Fund, Earth Hour has grown to involve hundreds of millions of people across 7,000 cities and 154 countries in a collective statement of concern about climate change.
