

Boys & Girls Club sets fall schedule

The Boys & Girls Club of Lake Tahoe has several programs available for the fall for all ages.

Middle and high school students may choose between programs such as Project Runway, a design and fashion program; Debate Club; Junior CrossFit; Masterchef; or having fun with friends in the specialized teen room where every Friday is movie night.

For elementary school ages there are Lego programs, drama classes, arts and crafts, an indoor hockey league, cooking, storytime and more.

Copies of the fall program can be picked up at 1100 Lyons Ave. or go online. Membership is \$100 for the entire school year.
