

Letter: Reminder about being fire safe

To the community,

This is a public safety service message to remind all residents of South Lake Tahoe that due to extreme fire danger and severe drought conditions throughout the state of California, there remains no outdoor open burning of any type within the city limits.

The city of South Lake Tahoe and the South Lake Tahoe Fire Department have adopted section 307 of the California Fire Code prohibiting open burning “when atmospheric conditions or local circumstances make such fires hazardous”.

For further information go online.

Sallie Ross-Filgo, South Lake Tahoe Fire Department
