

# **WCSO using social media to find bad guys**

Washoe County Sheriff's Office has launched Warrant Wednesday, a weekly feature on its Facebook page that enlists the public's help with locating people who have outstanding arrest warrants.

Every Wednesday images of wanted persons will be added to the WCSO Facebook page along with arrest or bench warrant information, and a contact number.

The sheriff's office reminds residents not to take any action themselves. If people have information about the whereabouts of a wanted individual, contact the sheriff's Office or law enforcement in their jurisdiction.
