

Pile burning planned for Lake Tahoe

The U.S. Forest Service may conduct prescribed fire operations around Lake Tahoe beginning March 24, weather permitting.

Operations may take place in Blackwood Canyon between Tahoe City and Tahoma, on the south side of Meeks Bay, on Gardner Mountain near South Tahoe High School and off Gardner Street, on Luther Pass near Grass Lake, at Ski Run Boulevard near Heavenly and on the East Shore near Logan Creek Drive. Operations may last through the next several weeks as conditions allow.

Smoke from prescribed fire operations is normal and may continue for several days after an ignition depending on the project size. Agencies coordinate with state and local county air pollution control districts and monitors weather conditions closely prior to prescribed fire ignition.

Before conducting prescribed fire operations, agencies may post road signs around affected areas and make email or phone notifications. The Forest Service updates the local fire information line at 530.543.2600, ext. 6.
