

Workshops to focus on transportation in Tahoe

There will be two meetings next week about the Active Transportation Plan being created for the Lake Tahoe Basin.

The first is April 14 from 5:30-7:30pm at the South Lake Tahoe Library, 1000 Rufus Allen Blvd. The second workshop is April 16 from 5:30-7:30pm at Kings Beach Elementary School.

Spanish interpreters will be on hand, child care provided and free food.

There will be four stations that include drawing routes on maps, identifying intersection improvement locations, taking a survey, and choosing top priorities for goals and infrastructure types for biking and walking in Lake Tahoe. Short presentation will be given at 5:30pm and again at 6:30pm if desired.

Also, a community survey may be accessed online. The survey is open until June 30.
