

Night bike ride competition set for this weekend

Night Series will conclude with the final races of the season on Sept. 26.

These family-friendly cross country night bike races feature a custom illuminated course that runs through the Lake Tahoe Golf Course, over fairways, into the rough, through sand traps and over bridges with the occasional cart path. The course is approximately 3 miles per lap, with most classes riding two laps.

Tahoe Game Bike Night is free to attend, with a \$15 competitors entry fee. Registration will open at 7pm. Races will begin at 9pm with three heats based on respective classes and age groups.

In addition to the top three riders for each class, awards will be given out to the "Most Awesome" and "Best Glow." An after party with food and drink specials and disc jockey will keep the festivities going inside the clubhouse.
