

# Sierra-at-Tahoe to open Friday

Sierra-at-Tahoe will open Nov. 20, the earliest it has done so in 11 years.

Nob Hill, Easy Rider Express, Rock Garden, Slider and Magic Carpet will be running, providing access to beginner and intermediate trails and the Broadway terrain park.

An added bonus is season passes and additional products from 2014-15 will be valid through Dec. 20. Activation of the passes is through the season pass office.

Snow play will be available next to Slider surface lift on Broadway and near the base area (no tubes or sleds will be provided).
