By Anjeanette Damon, Reno Gazette-Journal

Immigration enforcement agents have arrested 87 immigrants in Reno and Las Vegas during a five-day operation they said targeted individuals who pose a threat to public safety.

Of those arrested, 22 were picked up in Reno, including a 33-year-old Mexican national with prior drug trafficking, DUI and domestic violence convictions and a 19-year-old Mexican national with a prior conviction for robbery and resisting arrest.

Immigration and Customs Enforcement officials, however, refused to release the identifications of those arrested, citing Privacy Act restrictions on "administrative arrests."
