A jury found a Tahoe Vista man guilty of stealing from a doctor's office in Incline Village.

In February 2014, Cameron Francis Covington, 33, entered the office through a window. He stole non-narcotic medications, a prescription pad and \$260.

Because of Covington's prior 11 felony convictions, the Washoe County District Attorney's Office said it intends to ask for a stiffer sentence on June 17 for this one burglary conviction. He face one to 10 years in prison.
