

Multiple controlled burns planned for basin

The Tahoe Douglas Fire Protection District, California Tahoe Conservancy and the U.S. Forest Service will continue prescribed fire operations next week as conditions allow.

Operations may take place in multiple locations around Lake Tahoe including Glenbrook, Cave Rock, Round Hill, Lower Kingsbury Grade, South Lake Tahoe, Tahoe Paradise and Meyers. To view a map with project locations and details, go **online**.

Before prescribed fire operations are conducted, agencies post road signs around areas affected by prescribed fire, send email notifications and update the local fire information line at 530.543.2816.

Smoke from prescribed fire operations is normal and may continue for several days after an ignition depending on the project size and environmental conditions.
