

Northstar GM a veteran at ski resort

Nadia Guerriero is now vice president/general manager of Northstar.

Prior to taking the helm of the Truckee ski resort she was senior director of base area operations, village and events. Guerriero has been with Northstar since 2007.

Beth Howard, who had been GM for two years, is now COO at Beaver Creek.

“Northstar is an extraordinary mountain within the Vail Resorts family with countless opportunities. I’m excited to work closer with our incredible talent across the mountain and help take the team and the resort to the next level,” Guerriero said in a statement.
