

Fair to bring nonprofits, volunteers together

On March 15, Live Violence Free will host the Helping Hands volunteer fair at Lake Tahoe Community College.

Service organizations and nonprofits in need of volunteers will inform locals of their services and how they can get involved in what they do.

The fair is designed to connect those in the South Tahoe area with skills, time, and passion to give with organizations that most need community support.

It will be from 3-5pm in the commons area of the main building.

Nonprofits and service organization wishing to participate may register or rent a table **online**.
