

Prescribed fires scheduled on South Shore

If conditions are favorable, the Tahoe Douglas Fire Protection District, California State Parks and the U.S. Forest Service may continue prescribed fire operations on April 10.

Operations may take place near Tahoe City, Glenbrook, Round Hill, Lower Kingsbury Grade, South Lake Tahoe, and Meyers. Weather permitting, operations may continue over the next several weeks.

To receive prescribed fire notifications, send an email to pa_ltbtmu@fs.fed.us.

Each prescribed fire operation follows a prescribed fire burn plan, which considers temperature, humidity, wind, moisture of the vegetation, and conditions for the dispersal of smoke.

Smoke from prescribed fire operations is normal and may continue for several days after an ignition depending on the project size and environmental conditions.
