

Anti-bullying program coming to S. Lake Tahoe

On July 27 at 5:30pm there will be a bullying talk at the South Lake Tahoe Recreation and Swim complex.

The free Strike Out Bullying presentation is provided by Soul Shoppe. The focus will be on teaching youth about the types of bullying, how to stop bullying and why people don't need to bully.

Soul Shoppe's mission is to create safe learning environments that bring forth a culture of compassion, connection and curiosity—eliminating bullying at the roots.

The recreation department was awarded this free presentation through Junior Giants and it is open to the public to attend.
