

Cup holder keeps sand out at the beach

By Judi Dash, Los Angeles Times

Would you like sand with that drink, beach boy or girl?

Probably not. You can keep the grains out of your cup with the Spiker Sand Drink Holder.

The bottom half of this 8-inch-tall by 4-inch-diameter heavy-duty plastic cup holder has four integrated slats that anchor it into the sand with a twist of your wrist, steadying and elevating the cup.

The Spiker is just the right size for a can of beer or soda, pint or quart bottle or tapered plastic cup.
