

Agility equipment added to Tahoe Vista dog park

Thanks to an \$8,000 grant from Dog Day in the Park, the Tahoe Unleashed Dog Park in the North Tahoe Regional Park has added dog agility equipment to the small dog, large dog and outback areas of the park.

Dog Day in the Park was instrumental in developing and constructing the Tahoe Unleashed Dog Park in the North Tahoe Regional Park.

A variety of equipment was purchased including an “up and over” bridge walk, crawl tube, adjustable jumps, fire hydrants, and a ring jump.
