

NDOT seeks input from Tahoe residents about transportation

The Nevada Department of Transportation is developing the One Nevada Transportation Plan that will guide transportation investments in the state for the next 20 years. The plan aims to prioritize investments and needs across the state to maximize benefits to the public.

NDOT wants to hear from the Lake Tahoe residents about their transportation priorities.

NDOT and Tahoe Regional Planning Agency staff are having a public workshop on Sept. 21 from 5-7pm at the TRPA offices on Market Street in Stateline.
