

'Bachelor' being filmed in Lake Tahoe

Film crews from "The Bachelor" have been spotted around the South Shore.

Crews were at the Hard Rock Lake Tahoe on the night of Oct. 2.

This is the third time the television show has filmed here. Twice the crew stayed at the Black Bear Inn, now called the Black Bear Lodge, on Ski Run Boulevard. The last time was in 2007.

Mum is the word on where else filming has taken place and what the contestants have done in Tahoe.

Lake Tahoe Visitors Authority has helped defray some of the expenses with an initial commitment of \$10,000. The board next week is being asked to contribute another \$10,000 toward production expenses.

The Tahoe episode is expected to air in early 2018.
