

Burning Man announces 'I, Robot' theme for 2018

By Jenny Kane, Reno Gazette-Journal

Sci-fi freakazoids, this is your year to flourish.

Burning Man announced its 2018 theme this week, "I, Robot," a theme inspired by the 1950 collection of short stories published by author Isaac Asimov. The stories tell the fictional history of robots.

The theme was chosen by Burning Man founder Larry Harvey and Stuart Mangrum.
