By San Francisco Chronicle

Latest developments in the North Bay fires:

7:25am. Deadliest of Northern California wildfires now 60 percent contained: The Tubbs Fire in Napa and Sonoma Counties burned through 35,470 acres and was 60 percent contained Sunday morning, according to the latest CalFire measurements.

7:05am. Hundreds of thousands lost power in wildfires, but most service restored: An estimated 310,000 Pacific Gas & Electric Company customers lost power when a series of deadly wildfires broke out across Northern California, according to PG&E. By Saturday night more than 92 percent of customers had power restored.
