

Prescribed fire planned for much of Tahoe

Lake Valley, North Lake Tahoe and Tahoe Douglas fire protection districts, California State Parks, California Tahoe Conservancy and the U.S. Forest Service will continue Lake Tahoe Basin prescribed fire operations over the next several weeks, weather permitting.

Operations are scheduled to take place at or near D.L. Bliss State Park, Carnelian Bay, Kings Beach, Incline Village, Diamond Peak Ski Resort area, Glenbrook, Upper and Lower Kingsbury Grade and south and east of the Lake Tahoe Airport.

Agencies coordinate closely with local county and state air pollution control districts and monitor weather conditions carefully prior to prescribed fire ignitions.

Smoke from prescribed fire operations is normal and may continue for several days after an ignition depending on the project size and environmental conditions.
