

Time to fill out application for LTUSD magnet school

After the holiday break, the magnet school in Meyers will begin taking names for the fall '18 line-up of kindergartners.

Lake Tahoe Environmental Science Magnet School needs parents of a child who will turn 5 on or before Sept. 1, 2018, to fill out a kindergarten enrollment request form.

If the child turns 5 after Sept. 1, the transitional kinder program at Tahoe Valley School is an option.

Enrollment at LTESMS is based on a lottery. Forms are due March 23.
